The screenshot shows a laptop screen with a web application interface. A modal window titled "Ajouter un message" is open, allowing users to add a new message. The form includes several fields: "message_type" (a dropdown menu with "E-mail" selected), "Titre dans le back-office" (a text input field), "Titre" (a text input field), and "Type" (a dropdown menu with "Texte" selected). Below these fields is a text area for the message body, which contains a placeholder text: "{user_name} - {user_firstname} - {user_mail} - {appointments_list?language=fr/en/de?date=all/past/future} - {tickets_list?language=fr/en/de}". The text area has a rich text editor toolbar with icons for bold, italic, underline, link, unlink, quote, code, list, and image. At the bottom of the modal, there is a legend indicating that fields marked with an asterisk are mandatory, and two buttons: "Fermer" (Close) and "Valider" (Validate).
