

μ -Dish^{35mm}grid-500

The μ -Dish^{35mm}grid-500 contains a grid which provides 400 distinguishable observation squares of 500 μ m edge length.

"35mm" in the product name is indicating the outer diameter of the dish.

"grid-500" is indicating the repeat distance of the grid in μ m.

The outer dimensions and optical properties are identical to the μ -Dish 35 mm.
