

15mL Centrifuge Tubes

Features

1. USP VI Materials
2. Meet the requirements of analytical level
3. High strength non-toxic materials
4. Printed clear graduations with marking area
5. PP for the tube and HDPE for the cap
6. One-hand operation design
7. Sterilized by E-Beam
8. DNase, RNase and pyrogen free

Description

Temperature Range : Approx. -80 to +121 °C
 Shelf Life : 3 years after date of production
 Sterile : Yes

Product Range

Cat.No.	Volume (mL)	Packaging	Max.RCF (xg)	/Pack	/Case
601001	15	PS Rack	12000	50	500
601002		Bagged
